

## ORDERING INFORMATION

Aqua Logic	Ordering Information
AQL-P-4	Controls 4 relays, 3 valves, 1 heater + solar
AQL-PS-4	Controls 4 relays, 4 valves, 2 heaters + solar
AQL-PS-8	Controls 8 relays, 4 valves, 2 heaters + solar
AQL-PS-8-V	Controls 4 relays, 4 valves, 2 heaters + solar, with 4 soft keys
AQL-PS-16	Controls 16 relays, 8 valves, 2 heaters + solar
AQL-PS-16-V	Controls 8 relays, 4 valves, 2 heaters + solar, with 8 soft keys
Electronic Chlorination	
AQL-CL	40,000-gallon electronic chlorine generator kit, 15' cable
AQL-CL-25	40,000-gallon electronic chlorine generator kit, 25' cable
AQL-CL-20G	20,000-gallon electronic chlorine generator kit, 15' cable
GLX-CELL-15	40,000-gallon electronic chlorine generator replacement cell, 15' cable
GLX-CELL-5	20,000-gallon electronic chlorine generator replacement cell, 15' cable
Wireless Remotes	
AQL2-POD	Aqua Pod waterproof, programmable wireless handheld remote
AQL-SS-RF	Wireless waterproof spa-side remote
AQL2-TW-RF-P-4	White wireless tabletop remote for use with Aqua Logic P-4
AQL2-TG-RF-P-4	Gray wireless wall remote for use with Aqua Logic P-4
AQL2-TB-RF-P-4	Black wireless wall remote for use with Aqua Logic P-4
AQL2-TW-RF-PS-(4, 8 or 16)	White wireless tabletop remote for use with Aqua Logic PS-4/8/16
AQL2-TG-RF-PS-(4, 8 or 16)	Gray wireless tabletop remote for use with Aqua Logic PS-4/8/16
AQL2-TB-RF-PS-(4, 8 or 16)	Black wireless tabletop remote for use with Aqua Logic PS-4/8/16
AQL2-WW-RF-PS-(4, 8 or 16)	White wireless wall remote for use with Aqua Logic PS-4/8/16
AQL2-WG-RF-PS-(4, 8 or 16)	Gray wireless wall remote for use with Aqua Logic PS-4/8/16
AQL2-WB-RF-PS-(4, 8 or 16)	Black wireless wall remote for use with Aqua Logic PS-4/8/16
Wired Remotes	
AQL-WW-P-4	White wired wall remote for use with Aqua Logic P-4
AQL2-WW-PS-(4, 8 or 16)	White wired wall remote for use with Aqua Logic PS-4/8/16
AQL2-WG-PS-(4, 8 or 16)	Gray wired wall remote for use with Aqua Logic PS-4/8/16
AQL2-WB-PS-(4, 8 or 16)	Black wired wall remote for use with Aqua Logic PS-4/8/16
AQL-SS-6B-W/B or G	6-function wired spa-side remote available in white, black or gray
AQL-SS-6B-BOX	Mud box uses in cement applications
AQL-SS-D-W/B or G	8-function wired spa-side remote available in white, black or gray
AQL-SS-D-BOX	Mud box uses in cement applications
RF Base Stations	
AQL2-BASE-RF	Aqua Pod and wireless remote RF base station
AQL-BASE-RF	Spa-side remote base station

**Aqua Logic®**

All the control  
you'll need to create  
the ultimate pool  
experience.

Just one of the many ways we're reinventing the pool experience.  
To learn more, call 1-866-447-7859 or  
visit [www.goldlinecontrols.com](http://www.goldlinecontrols.com).

# Aqua Logic® Automation and Chlorination

Create the ideal backyard environment and keep it that way, automatically.

Aqua Logic makes operating all essential pool and spa functions, as well as designing and controlling custom light shows with Hayward's ColorLogic® LED lights and other outdoor features, as simple as can be.

Ideal for any new installation or upgrade, Aqua Logic manages everything from water flow and purification to underwater lights, heaters, jets and a range of other features, including sprinklers and outdoor lighting.

With Aqua Logic and a little imagination, creating the ultimate pool experience isn't just possible, it's effortless.

## PERFORMANCE IS IMPRESSIVE

There's practically no limit to what Aqua Logic can do. And once it's programmed, it does it automatically. Here's a brief overview of Aqua Logic's capabilities:

- **Purification** — In conjunction with Goldline Controls' electronic chlorination kit, Aqua Logic

automatically turns a small amount of ordinary table salt dissolved in the pool water into a self-renewing supply of fresh, pure chlorine. Not only does this satisfy 100% of the pool's sanitization requirements, it also eliminates the mixing, measuring and mess associated with traditional chlorine products.

- **Water Quality** — Aqua Logic ensures soft, silky smooth water at all times.
- **Heating** — Program gas, electric or solar pool heaters to maintain a desired temperature. Automatically lower temperature during periods of inactivity.
- **Filtration** — Aqua Logic can be set to provide a basic daily filtration schedule or customized to correspond to a range of activity levels. For example, increasing the frequency and length of the filtering cycle during weekends, when use is more likely to be heavy, and going into "economy mode" during the rest of the week.
- **Pool or Spa Features** — Turn spa jets on or off; automate lighting to create mood and enhance safety.

## PROGRAMMING IS SIMPLE

Aqua Logic is designed to be programmed in minutes, not hours. Setup is intuitive — it doesn't take an engineer to master it. Instructions are clear, concise and loaded with step-by-step visual aids. In addition to the printed materials that come in the box, there's a setup reminder

inside the unit's door. Programming Aqua Logic can be accomplished directly on the unit's key pad or from a full-function wireless or wired remote. And remember, Customer Service is only a toll-free phone call away.

## CONVENIENT REMOTE CONTROL

For the greatest possible convenience, Aqua Logic is fully compatible with these optional "plug and play" remote control units:

**Aqua Pod™** — Floating, waterproof and fully rechargeable, this 21-function handheld controller operates up to 500 feet away from Aqua Logic unit.

**Wireless Remotes** — Portable displays for wireless control operates up to 500 feet away from Aqua Logic

unit. Multiple wireless remotes may be used with a single system providing indoor, outdoor or poolside control.

**Wired Remotes** — Fixed-location display and keypad for hardwiring up to 500 feet away from main Aqua Logic unit. Up to three wired remotes may be connected to a single system.

## CHOICES ARE ENDLESS

Aqua Logic makes it possible for every pool or spa owner to create and control the backyard environment of their dreams. Its unprecedented combination of multi-

functionality, ease of operation, innovative design and quality construction make it the ideal choice for any new installation or existing pool upgrade.
